“Keeping it fresh since 1968."
Welcome to the Inline Family

When describing Inline Plastics, we think of family. It is at the heart of our company and all of our operations. From our extensive product families, to our fifty plus year history of Orkisz ownership, to how we treat our customers and suppliers - it is all about family and that is why many of our relationships have lasted for decades.

In the 1950’s, my father and uncle started their venture into mold making and thermoforming in their Bridgeport, Connecticut family home. That was the birth of Inline Plastics, which is now one of the industry’s most innovative packaging manufacturers with facilities across the United States and coming to Canada. Throughout all this growth and development, the company has remained under Orkisz family ownership with a third generation, my daughter, Alicia Orkisz Fitze, joining the organization in 2018.

Core Values

Our success is directly tied to our core values of innovation, sustainability, and customer satisfaction that result in environmentally friendly, high quality, cost-effective packaging and packaging automation solutions. Whether working with our R&D center, sales and marketing, or manufacturing, every team at Inline is committed to providing the best customer service and exceptional products. We never settle and are always looking for creative and pioneering solutions for the ever-changing marketplace.

Sustainability

Family means taking care of one another. That extends beyond our customers and employees, to our communities and the world around us. We support proactive and responsible business operations that encourage environmental sustainability, increase awareness and education about recycling, and reduce negative impacts on our environment. Inline products are 100% curbside recyclable and made with the lowest carbon footprint PET material. Our innovation teams are also hard at work incorporating more post-consumer recycled materials into our production processes.
1968
Inline Plastics Incorporated

1985
Inline Plastics launches SureLock® technology

1988
Inline Plastics receives first patent for a locking mechanism

1991
The opening of Inline Plastics facility in Poland (later sold)

1999
Tom Orkisz becomes Owner, President and CEO of Inline Plastics

2003
The opening of Inline Plastics facility in Utah

2006
Launch of first Safe-T-Fresh® line, after receiving official patent

2009
The opening of Inline Plastics Georgia Plant

2016
New Safe-T-Fresh® families are launched, featuring smooth, modern lines

2018
Orkisz Legacy Continues: Third Generation, Alicia Orkisz Fitze, joins the Inline team

2018
Branding and website are refreshed to coincide with the future vision of the company

PET is reborn at Inline Plastics
All our products are made in part with post-consumer recycled PET

Learn more at inlineplastics.com/reborn
reborn™ at InlinePlastics

PACKAGING FOR A BETTER PLANET

Inline Plastics is the first PET food packaging manufacturer in the USA to provide product with post consumer content born from cutting-edge technology, recycling at the molecular level - known as chemical recycling.

1. Post Consumer
   - rDPET™

2. Recycling AT A MOLECULAR LEVEL
   - The chemical recycling process breaks down post consumer flake into its molecular building blocks: PTA & MEG molecules.

3. rDPET™
   - These post consumer molecules are then polymerized with virgin ones using an environmentally friendly ‘direct-to-sheet’ process.

4. Product
   - 100% RECYCLABLE
   - Through this proprietary process plastic can be turned into clean, new plastic again and again, preserving quality, so it doesn’t have to end up in a landfill.

Thermoforming production is powered partly by solar panels.

By using rDPET™ vs. PET, Inline Plastics...

- Diverts close to 1 Billion water bottles from the ocean and landfills annually
- Generates over 50% energy savings when producing rDPET™
- Decreases carbon footprint equivalent to 112,000 acres of forest per year
- Saves greenhouse emissions equal to 233 million miles driven
- or

reborn™ rDPET™ is a high performing food-grade packaging material containing post consumer content with the lowest carbon footprint on the market today.

Close the deal on higher profits with Inline Packaging Automation Solutions

Inline Plastics is the only thermoformed container manufacturer in the industry providing in-house packaging automation solutions.

Automation Capabilities Include:

- We have dedicated over 50 years to packaging innovations. Fully understanding how our customers can benefit from using our automation services quickly became the key input into our development processes.

- The Inline Automation team leaves no stone unturned to ensure a reliable and effective automation integration process.

- The results translate to a better value proposition for your customers to increase potential new sales. Typically, there is no need for tool change-overs — a simple adjustment of machine settings is all that’s necessary.

- Machines can be used alone or integrated easily to a packing conveyor or labeler.
Labeling Systems

Our innovative integrated systems will apply a wrapped label to the front edge of the top or the bottom of our PET clamshell containers. Either way, it’s tamper evident and secure.

High Speed Closers

Container closing equipment is available for all Inline clamshell containers; closing at rates up to 200 units per minute or more. Change over from one size container to the next takes only minutes.

De-Nesters

Inline equipment is designed to pick and place empty containers onto a packing conveyor quickly, accurately, and efficiently.

Conveyers

We can automate vibrating the containers to settle food; we can flip the container around onto its lid, or turn containers to the desired position for labeling or ink-jetting.

We design around existing equipment or develop an entire line.

To schedule an automation team visit, please contact us at 800-826-5567 or visit inlineplastics.com.

Our Safe-T-Fresh® Technology

Safe-T-Fresh®

The industry’s first tamper evident container with a unique, patented pull tear strip. Simple to use, ensures food safety and prevents leaks. Unmatched with over 100 packaging solutions available.

Tamper Evident Tear Strip
Consumer-friendly and intuitive; patented technology

Leak Resistant Seal
Seals in freshness and prevents spills

Peace of Mind
Confidence that food will stay safe, fresh and engaging on the shelf

One Step to Protecting Contents
Instantly tamper resistant by simply closing the lid

Maximize Shelf Utilization
Rigid stacking rails enhance multi-level merchandising

No Need for Shrinkbands or Wrap-Around Labels
Easy for packers to close and consumers to open

100% Recyclable

Made in the USA
**Safe-T-Fresh® Product Families**

Market Leader in Tamper Evident, Tamper Resistant Food Packaging Design

Market Favorite with Exceptional Quality
Extensive variety to meet a wide range of applications

Expansive Selection
Ranging from 6 to 128 fl oz with both hangable and vented options

Original Design
The first tamper evident and tamper resistant container you’ll find everywhere

Robust Design
Made to stack easily and create visually beautiful product displays

All-Purpose
Perfect for many markets and applications

Ultra Clear **Well-Rounded Design**

Round stackable containers great for produce, deli and grab-and-go

**6 Sizes**
Options range from 8 to 32 fl oz

**Enhanced Clarity**
Puts contents center stage and increases impulse consumer purchases

**Multiuse**
Great for deli, cut fruit, veggies, pineapple cores, salads, snacks, candy and much more

**Robust Hinged Lid**
Great for multi-level merchandising

**Types of Vented Solutions**

**Narrow Vents**
Side and bottom vents allow moisture and gases to escape and maintain freshness of herbs, fresh vegetables, and uncut fruit.

**Channel Vents**
Large vents in the seal area enable airflow through the container. Great for produce needing excess air.

**Microvents**
These unique microvents permit food gases to escape, maintaining product freshness.

Note: Item numbers ending in V or VT stand for vented.

Where Value and Freshness Meet

Enhance product shelf life with perimeter seal technology

**Enhanced Clarity**
- Puts contents center stage and increases impulse consumer purchases

**Expansive Selection**
- From bakery, to deli and produce, and with single and multiple compartments - you’re covered

**Intuitive Design**
- Textured grip allows for easy opening

**Efficient Stacking**
- Efficient and stable stacking allow for eye-catching product displays

Your Every Event Platters

Minimal ribbing makes contents stand out for enhanced product visibility

**Wide Variety of Options**
5 compartment dome-style lid platters from 42 to 142 fl oz that are insert compatible

**Enhanced Clarity**
Puts contents center stage and increases impulse consumer purchases

**Offset Lids + Base Tabs**
For easier gripping and opening

**Efficient Stacking**
Efficient and stable stacking allow for eye-catching product displays

Our Design is a **Piece of Cake**

Perfect for cakes sized from 7” to 10”, single or double layers

**Handful of Options**
Available in dome and shallow lid options, for single and double layer cakes

**Enhanced Clarity**
Puts contents center stage and increases impulse consumer purchases

**Intuitive Design**
Easy open tabs reduce damage to icing and decorations when opening and closing

**100% Recyclable**
#1 PET is the most widely accepted recyclable material

How to Measure our Containers

Standard volumes listed are base + lid volumes combined. The Inside Dimensions (ID) for containers with multiple compartments reflects each compartment’s dimensions. All IDs are measured at the hinge line.

The IDs for circular compartments (cupcakes, muffins, pies) list bottom diameter, top diameter, and height including lid. Outside Dimensions (OD) are consistent with the diagram, and are listed in order of Length (along hinge) x Width x Height.

Muffin and Cupcake Dimensions

Example:
ID 2-1/8 x 2-3/8 x 5-5/16 equals
(a) base diameter x (b) crown diameter x (c) height

Mini muffins are generally 1-2 oz.
Standard size muffins are generally 4.5-5.5 oz.
Large/Jumbo muffins are generally 6 oz. and above

Base Diameter (a) x Crown Diameter (b) x Height (c)

c. Height

b. Diameter at crown (widest part)

a. Diameter at base of muffin

Disclaimer: We strongly recommend that customers test products under their specific conditions to determine fitness for use. Please feel free to obtain free samples through our website, inlineplastics.com, or contact your Inline Plastics’ representative.
Terms and Conditions

Purchase Order Requirements

All purchase orders must be written for a minimum of 250 (combined) cases to one delivery location in order to qualify for prepaid freight. Safe-T-Fresh® items must be ordered in full pallet quantities per item. The minimum order for all non-Safe-T-Fresh items is one full pallet layer with the exception of CC2R, CC4R, and CCLR which may be ordered by the case. Orders for less than 250 cases will be subject to a $40 administration fee and the Customer agrees to pay the full freight charge. Inline Plastics reserves the right to select the carrier, routing and rates for shipments less than 250 cases.

Purchase Order Lead Time

Orders for stock items are generally available to ship within 5 business days of Purchase Order confirmation date by Inline Plastics. Confirmation is sent within 24 hours of the receipt of the Purchase Order. Weekends and holidays do not count as business days in lead time calculations. Please contact customer service for the lead time on non-stock items.

Purchase Order Policy

Purchase Orders must be in writing and include the following information:
1. Inline Plastics item number
2. Number of cases ordered
3. Price per case
4. Purchase Order number
5. Requested delivery date
6. Delivery address
7. Delivery appointment phone number
8. Customer’s e-mail (and fax number if applicable)

Email the original Purchase Order and any revisions directly to: customerservice@inlineplastics.com

To arrange EDI transactions, please call to speak with a representative at 800-826-5567

Purchase Order Match

Prior to submitting an order with Inline, please ensure all Purchase Orders reflect the correct prices. Orders submitted with incorrect prices may result in a delay until the discrepancy is resolved. Inline will attempt to resolve any discrepancies in a timely manner.

Customer Pick-Ups

Customer Pick Up (CPU) is available at Inline Plastics’ discretion. Please contact Customer Service to make any arrangements.

Invoicing

Terms: 1% 10, Net 30 days from date of invoice.

Product Warranty

Inline Plastics warrants that all products are manufactured free of defects in workmanship. Inline makes no warranty of any other kind, expressed or implied.

Shipping Policy

1. Orders within the continental U.S. and Canada are shipped prepaid freight with Inline’s standard transit lead times for orders meeting the minimum requirements.
2. The maximum number of full pallets that can fit in a truckload (53’ Trailer) is 30.

Return Goods Policy

1. No return items will be accepted without prior approval.
2. Return freight is the responsibility of the Customer for all returns due to overstock, wrong product ordered or other Customer related issues.
3. Items must be returned within six (6) months from shipment and invoicing by Inline.
4. All items being returned must be in good condition, in original unopened cartons, without any damage to the product; otherwise it will be refused for credit.
5. Once a product return has been approved, Customer is issued a Return Authorization Number (RA Number), and advised of the amount of the credit that may be issued by Inline upon receipt of RESALEABLE* product pending QA inspection.
6. The amount of credit issued by Inline will be the price paid by the Customer less the following:
   a) A 20% restocking fee
   b) The freight cost incurred by Inline to ship the product from the Customer’s warehouse back to the originating plant
   c) Any product rejected during QA inspection
7. Embossed or special order items may not be returned.
8. All requests for Return Authorization should be directed to Customer Service, 800-826-5567 or customerservice@inlineplastics.com.

*Resalable product must pass Inline Plastics’ Quality Assurance inspection.
