RE: Perfluoroalkylated Substances (PFASs)

Dear Customer:

During the manufacturing of PET sheet, the sheet manufacturer has notified Inline Plastics Corp. that they do not add any food substances or products listed in Regulation EU 1169/2011 including but not limited to Perfluoroalkylated Substances (PFASs)

To the best of our knowledge these compounds are also not present in our product and do not exceed the reportable threshold of 0.1%.

Regards,

Ted Bednarsky
