

reborn at InlinePlastics®

PACKAGING FOR A BETTER PLANET

Inline Plastics is the first PET food packaging manufacturer in the USA to provide product with post consumer content born from cutting-edge technology, recycling at the molecular level - known as chemical recycling

By using rDPET™ vs. PET, Inline Plastics...

Diverts close to
1 Billion
water bottles

from the ocean and landfills

Generates over
50% energy
savings when producing rDPET™

=

Decreases carbon footprint equivalent to
112,000 acres
of forest per year

or

Saves greenhouse emissions equal to
233 million
miles driven

reborn rDPET™ is a high performing food-grade packaging material containing post consumer content with the lowest carbon footprint on the market today
