

Re: Fluorochemicals (i.e.; PFOA and PFOS)

Dear Customer:

Inline Plastics Corp's primary sheet suppliers have confirmed to us that they do not add or use either PFOA or PFOS in their manufacturing process, and do not anticipate it being present in the raw materials that they purchase.

Inline Plastic Corp. does not introduce PFOA or PFOS during the converting process of raw materials to thermoformed containers.

Regards,
