

Strategic Food Packaging for Hospitality

Increase revenue for the food service industry

by offering innovative solutions for carryout operations, hotel cafeterias, room service, catering, vending machines, hotels and inns, and more!

The Trusted Packaging Experts for Over 50 Years

To food producers, retailers and distributors, Inline Plastics is the trusted packaging industry leader providing confidence that food will stay safe, fresh and engaging at shelf, driving retail sales through the use of pioneering packaging designs and solutions, patented materials and involved customer partnerships.

Packaging For a Better Planet

Inline Plastics is the first PET food packaging manufacturer in the USA to provide product with post consumer content born from cutting-edge technology, recycling at the molecular level – known as advanced recycling. We make all products with the lowest carbon footprint material on the market: rDPET™. This material is infused with **10% post consumer** content and is **100% curbside recyclable**.

By using rDPET™ vs. PET, Inline Plastics...

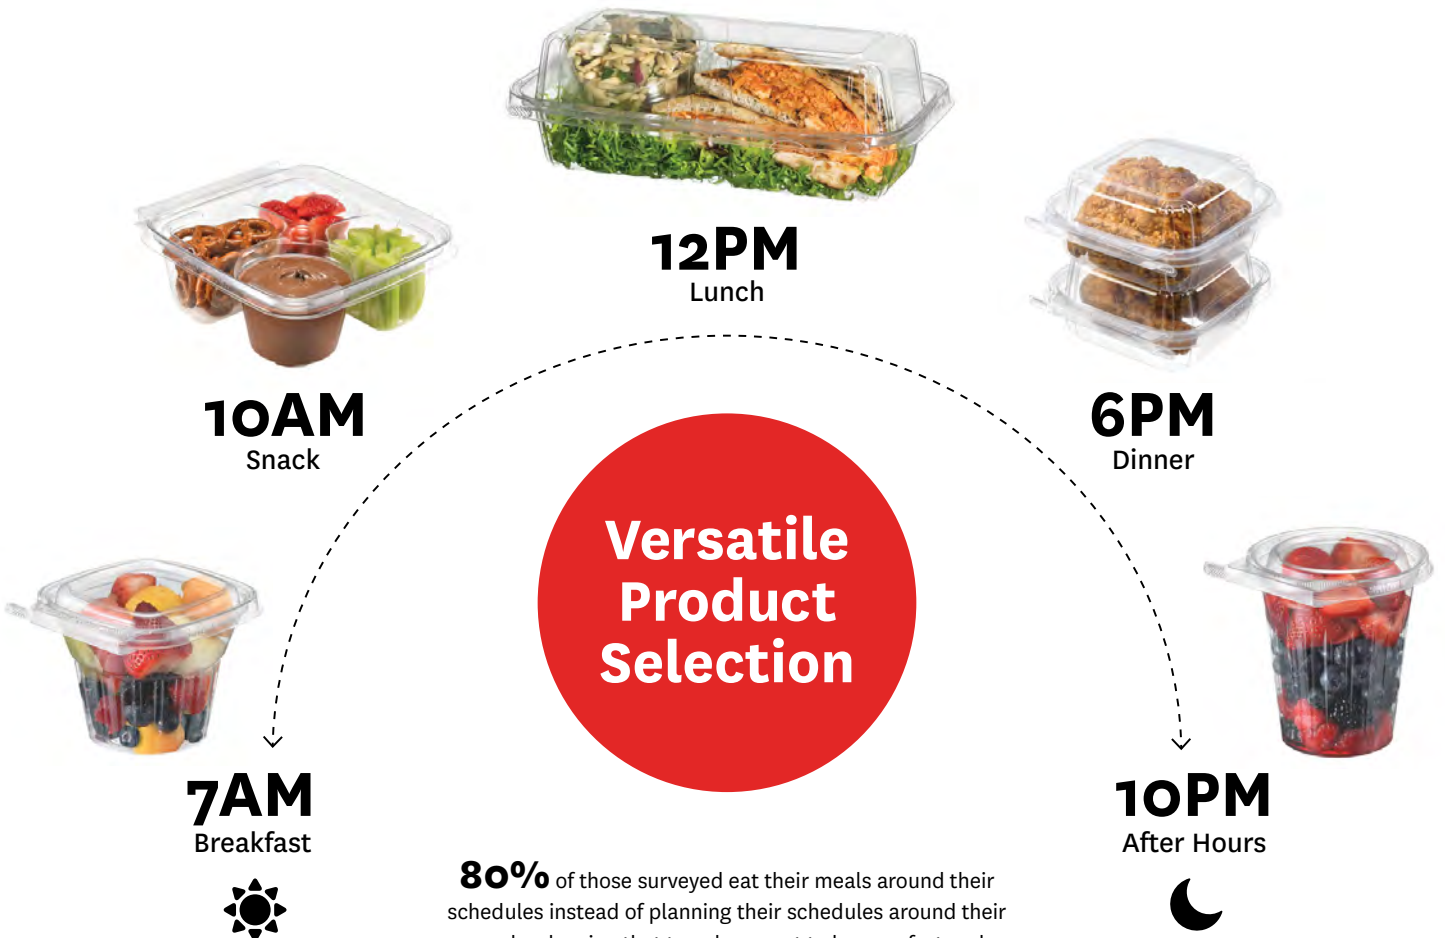

Diverts close to **1 billion water bottles** from the ocean and landfills annually.

Generates over **50% energy savings** when producing rDPET™

Decreases carbon footprint equivalent to **112,000 acres** of forest per year.

Saves greenhouse emissions equal to **233 million miles driven**.

Great for Fresh On-the-Go Meals and Snacks All Day Long!

80% of those surveyed eat their meals around their schedules instead of planning their schedules around their meals, showing that travelers want to lean on fast and easy food options that fit their evolving routines.

Hotel Eats, 2020

Tamper Evident

Recessed lid flange protected by blocking rail assures tamper evident.

Smooth Wall Design

Improved rib design allows for easier closing and improved strength.

Container Clarity

Highest quality PET material and minimal ribbing provide a superior clear view.

Lid Options

Each size offered with either a lid dome or shallow lid to perfectly fit your product.

Value Proposition

Simplicity

One step to tamper evident, simply close the lid – no shrink band/heat tunnel needed.

SKU Rationalization

Single piece clamshell, no mismatching bases/lids, no shrink bands needed. Maximize warehouse space.

Leak Resistant Perimeter Seal

Seals in freshness, keeps product and its surroundings clean and dry. Extends the shelf life of product.

Easy to Automate

With Inline Plastics Automation Team involved throughout product development.

Revenue Generator

Attractive packaging triggering impulse purchases that increase your bottom line.

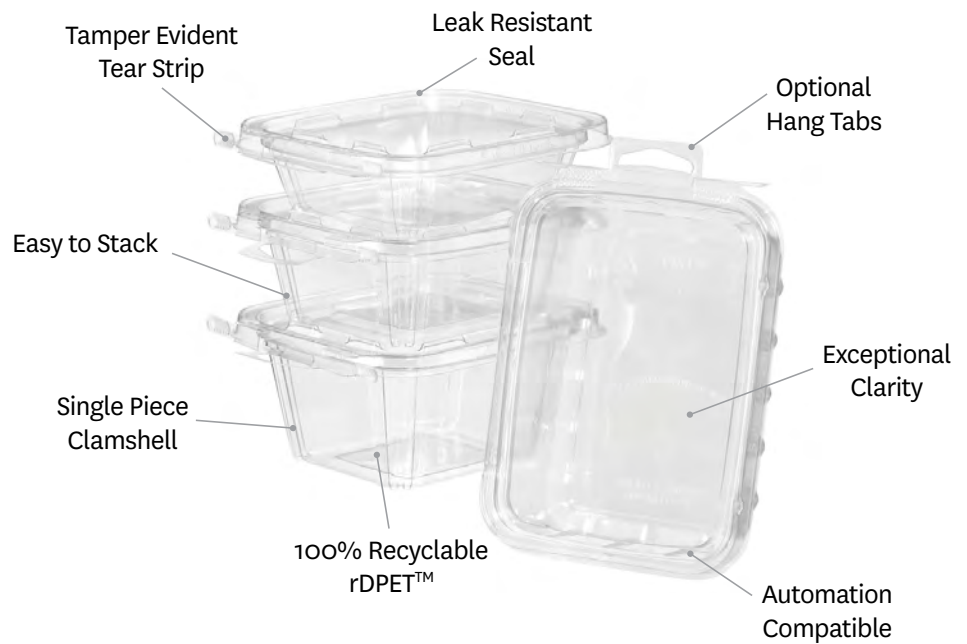

Robust Design

Aids with multi-level merchandising.

Simple. Safe. Secure. Sustainable.

“Hotels are constantly adapting to travelers' ever-changing needs.”

As grab-and-go meals continue to trend, travelers expect on-site meals that can keep up with their ever-changing schedules, and hotels are catching on,” said Sharon Olson, Executive Director of Culinary Visions. “Looking to popular food experiences and attitudes among locals is helping the hospitality industry predict the needs and wants of their guests and fuel to-go food culture.”
